

EMBASSY ADVISORY

The Philippine Embassy reiterates its call to all Filipino nationals in Singapore who want to return to the Philippines to do so as soon as possible.

As of today, 25 March 2020, with the suspension of all other commercial flights between Singapore and the Philippines, Singapore Airlines (SIA) flight 910 is the only available flight to Manila until Saturday, 28 March 2020. Flight schedule after this date is uncertain at this time.

SIA 910 departs Singapore at 09:15 a.m. and arrives in Manila at 12:50 p.m. of the same day.

The spread of Covid-19 infection has created a rapidly changing situation for everyone. It would, therefore, be in the best interest of Filipino tourists or workers with completed contracts to return home at the earliest time while the last SIA flight is still available.

Thank you.

The Philippine Embassy, Singapore
25 March 2020
