Paalala para sa Coronavirus Disease 2019 (COVID-19)

06 April 2020 (9:00 am), Monday

From 7 April to 4 May 2020, the Singapore government will implement a month-long closure of most workplaces (except those engaged in essential services) and schools, and tighter restrictions on the movement of people to prevent the spread of the new coronavirus (Covid-19).

The new measures strongly encourage work from home arrangements, full home-based learning for students, and discourage social gathering and going out of residences.

The following are important reminders for the Filipino community in support of the new measures:

1. Maintain adequate supply of food and other basic necessities.
2. Avoid receiving visitors at home even if they are your relatives or friends.
3. Go out of your residence to do essential things only and return home immediately. Wear mask if you are outside.
4. Avoid hanging out with friends or relatives in public places.
5. Observe personal hygiene and practice safe-distancing measures.

06 April 2020 (9:00 am), Monday

6. Ensure cleanliness in the house and protect the elderly.
7. Maintain cash for any emergency need.
8. Monitor the situation daily through the website (www.moh.gov.sg) of the Ministry of Health.

Thank you for your cooperation.
