

EMBASSY ADVISORY

Travellers transiting in Singapore

The Philippine Embassy informs all Filipino travellers of the Singapore Government's policy for transiting through Singapore (Changi Airport) as of 12 January 2022 as published in the website of the Immigration and Checkpoints Authority (ICA) and Changi Airport:

ELIGIBILITY

- Travellers are advised to check with their airlines if it has an approved transfer route through Singapore before purchasing tickets. **Travellers do not need to obtain approvals under any Safe Travel Lane** (e.g. Vaccinated Travel Lane) to transit in Singapore.
- Only passengers travelling with an airline whose transfer route has been approved by the Civil Aviation Authority of Singapore (CAAS) will be allowed to transit at Changi Airport. Passengers should consult their airline before purchasing their air tickets. To date, CAAS has allowed the following carriers to fly transit passengers:
 - Singapore Airlines
 - Scoot
 - Air France
 - Air Niugini
 - Asiana Airlines
 - Bangkok Airways
 - Fiji Airways
 - Garuda Indonesia
 - KLM Royal Dutch Airlines
 - Lufthansa
 - Royal Brunei Airlines
 - Swish International Airlines
 - Turkish Airlines
 - United Airlines
- **Transfers to and from flights operated by other airlines that have not been approved by CAAS are currently not allowed.**

COVID-19 PRE-DEPARTURE TEST

- All transit travellers must take a COVID-19 test **within 2 days before departure for Singapore** (i.e. if the pre-departure test is taken on 1 Nov 2021, it will be valid for departures up to 3 Nov 2021, 2359 hours).
- Travellers will need to present a valid negative COVID-19 test result prior to boarding.
- Travellers without a valid negative COVID-19 test will not be allowed to board their connecting flight or ferry out of Singapore.
- The requirement for a pre-departure COVID-19 test does not apply to children aged 2 years and below (i.e. born in or after 2020).
- Travellers transiting through Singapore will not be subject to COVID-19 tests upon arrival.

(Note: Click [here](#) for the list of permitted COVID-19 tests to be taken, depending on the traveller's 14-day travel history before their scheduled transit in Singapore.)

TEST RESULT CERTIFICATE

- The test result certificate must be in English and must contain the following information:
 - the traveller's name, and at least one other personal identifier such as the date of birth or passport number corresponding exactly with the information in the traveller's passport used for entry into Singapore;
 - a negative COVID-19 test result;
 - the date and time when the COVID-19 test was taken; and
 - the name of the testing institution conducting the COVID-19 test.
- If the personal details are not stated in the passport, the traveller should have the relevant identity document on hand for verification. Handwritten negative test results are not accepted.
- Travellers exhibiting any symptoms of respiratory illnesses will not be allowed to board. Travellers are also required to wear face masks throughout the flight, except at mealtimes.

ENTRY VISAS

- Foreign travellers transiting in Singapore do not require entry visas. Transit passengers need to have their baggage tagged/checked through to their onward destination. They will **not** be allowed to clear arrival immigration or collect their baggage while in transit in Singapore.

The Embassy advises all Filipino travellers transiting through Singapore to regularly visit the website of the ICA, Changi Airport and airline of choice for updates.

Thank you.
