

EMBASSY ADVISORY

The Embassy informs our kababayans that the Ministry of Manpower (MOM) has prepared a guide for employers in the event that their worker is to be repatriated due to the ongoing COVID-19 pandemic.

Employers are reminded of the following:

- Ensure that their workers have no movement restrictions, including staying in a place cleared of COVID-19 and not under Quarantine Order (QO) or Stay-Home Notice (SHN);
- Book their flights early;
- Register their interest to MOM if there are no flights available; and
- Check with the Philippine Embassy for any upcoming repatriation flights.

Employers are still responsible for their worker's upkeep and maintenance until they leave Singapore. The well-being of their workers must be ensured while reminding them to observe safe distancing measures and good hygiene practices.

For more details, please refer to this MOM link: <https://www.mom.gov.sg/covid-19/sending-workers-home>.
