

EMBASSY ADVISORY

For Filipino Travellers Intending to Transit through Singapore

The Philippine Embassy in Singapore reiterates its reminder to all Filipino travellers that the Singapore government has a restrictive policy for transit through its Changi Airport as follows:

- Transfers in Singapore are only allowed on flights operated by Singapore Airlines, Silk Air and Scoot, or other airlines whose transfer route has been **approved by the Civil Aviation Authority of Singapore**. Passengers should, therefore, consult their airline before purchasing their air tickets.
- Transit through Singapore is allowed only for passengers who are departing from **cities approved for transit flights through Singapore** to any destination in the Singapore Airlines Group network (*Please see table below*).
- Passengers may book a return flight through Singapore only if both the point of origin and the final destination are in the list of cities approved for transit through Singapore.
