

ADVISORY

SYSTEM MAINTENANCE OF *iREHISTRO* PLATFORM

The Philippine Embassy informs the public that the *iRehistro* online overseas voter application platform of the Commission on Elections (COMELEC) will undergo system enhancements and maintenance, and will be **temporarily unavailable until further notice**.

In the meantime, overseas registrants are advised to accomplish the registration forms available at the Philippine Embassy or through [this link](#).

The Philippine Embassy reminds all qualified Filipinos in Singapore who are not yet registered overseas voters, who have been deactivated, or who need to correct their voter records, to set an appointment at the earliest possible time, or to drop by the Overseas Registration counter during their visit to the Embassy for other services.
