

EMBASSY ADVISORY

Soft Opening of ePassport Renewal Center-Singapore under VFS Global

The Embassy is pleased to inform the public of the soft opening of the ePassport Renewal Center Singapore Branch (PaRC-Singapore) under VFS Global Pte. Ltd. on 28 October 2021. PaRC-Singapore, located on 79 Anson Road Unit 15-02 S079906, near Tanjong Pagar MRT Station, is an alternative off-site location where our *kababayans* may choose to renew their passport.

PARC-Singapore is an independent third-party provider outsourced by the Department of Foreign Affairs in a bid to facilitate ePassport renewal services for overseas Filipinos.

Filipinos in Singapore with **simple passport renewal applications** (i.e. those that do not require any change in entries in their current passport and require only the presentation of their current Philippine passport and valid Singapore Government-issued IC) may renew their e-passports at PaRC-Singapore by paying additional service fees of SGD 62.50. These fees are on top of the regular SGD 102 passport renewal fee.

Passport renewal through PARC-Singapore is **OPTIONAL and NOT compulsory**. The Embassy will continue to offer its usual passport renewal services at the regular SGD 102 passport renewal fee.

PaRC-Singapore accepts walk-in applicants, and is open Mondays through Fridays from 8:00 AM to 4:00 PM. Interested applicants may visit [this link](#) or e-mail info.philippinesg@vfshelpline.com for details.
